

# 4 Cameras 1 Image 0 Blind Spots

## Smarteye™ Powered by ASL 360 NEW, intelligent, 360° camera monitor system

Smarteye™ eliminates problem blind spots; potential dangers for anyone or anything in a vehicle's path.

Digital images from four ultra wide-angle cameras are combined to create a 360°, bird's-eye view of the vehicle, delivering a clear, real-time picture on the driver's monitor, preventing accidents, saving money and lives.

Actual Smarteye™ image.
